## **Section 1 – Introduction**

This directory provides a list of Medicare Masterpiece HMO Plan Providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our plan providers that are listed in this directory to be your Primary Care Physician (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

### **Choosing Your Primary Care Physician (PCP)**

When you become a member of the Medicare Masterpiece HMO plan, you must choose a plan provider to be your PCP. Your PCP is a health care professional who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP will also coordinate the rest of the covered services you need.

### **What Types of Providers May Act as a PCP?**

1. Internal Medicine
2. Family Practice
3. General Practice
4. Pediatric
5. Geriatric

### **How Do You Choose or Change a PCP?**

You will select a PCP at the time of enrollment. The name, office and telephone number of the PCP you chose is printed on your membership card. If you would like to choose a new PCP for any reason, you may do so at any time. To choose another PCP, call our Customer Service Department at 1-866-690-4842, Monday – Sunday, from 8:00 am to 8:00 pm. TTY users should call 1-800-617-0177. The change will become effective on the first of the month following your request.

### **The Role of the PCP**

The role of the PCP is to provide routine or basic care, and coordinate any specialty care and services you might need. He/she manages the medical resources available to you by guiding you through tests and treatments. If you need a specialist, he/she refers you to one as appropriate. The PCP and all participating specialists will coordinate covered medical services for you. When all parties are informed of your medical condition, you receive the most effective and necessary treatment.

The Plan Providers listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers.

## **What Services Does the PCP Furnish and What Services Can Members Get on Their Own?**

Generally, you will see your PCP first for most of your routine health care needs. Your PCP will also help you arrange or coordinate your covered services including x-rays, lab tests, therapies, specialists, hospital admissions and follow-up care. Your PCP also contacts other plan providers for updates about your care and/or treatment.

Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect the privacy of your medical records and personal health information. For more information about privacy, see your Evidence of Coverage.

In some cases, your PCP or specialist will need to get prior authorization (prior approval) for certain medical services from Universal Health Care ahead of time.

Prior authorization is required for the following:

1. Hospital in-patient, out-patient services and diagnostic testing procedures
2. Out-of-Network Services that are not participating providers
3. Skilled Nursing Facility admissions and high cost imaging and diagnostic studies
4. Surgical procedure(s) performed at an outpatient facility

Medicare beneficiaries can get the following services on their own without approval in advance:

1. Routine women's health care, which include breast exams, mammograms (X-rays of the breast), Pap tests, and pelvic exams, as long as you get them from a network provider.
2. Flu shots, including influenza and pneumonia vaccinations as long as you get them from a network provider.
3. Emergency services, whether you get these services from network providers or out-of-network providers.
4. Urgently needed care that you get from out-of-network providers when you are temporarily outside the Plan's service area or when you are in the service area but, because of unusual or extraordinary circumstances, the Network providers are temporarily unavailable or inaccessible.
5. Dialysis (kidney) services that you get at a Medicare certified dialysis facility when you are temporarily outside the Plan's service area. If possible, please let us know before you leave the service area where you are going to be so we can help arrange for you to have maintenance dialysis while outside the service area.

## **What is the Service Area for the Medicare Masterpiece HMO Plan?**

The counties in our service area are listed below:

LAKE.

## **How Do You Find Medicare Masterpiece HMO Plan Providers in Your Area?**

The Medicare Masterpiece HMO plan has formed a network of doctors, specialists, and hospitals. You can only use doctors who are part of our network.

The Providers in this directory are organized by provider type, county, city, zip code and provider name. You may use the county, city and/or zip code to locate a provider nearest to your home.

The Health providers in our network can change at any time. You can ask for a current Provider Directory by calling our Customer Service Department at 1-866-690-4842, Monday – Sunday, from 8:00 am to 8 pm. TTY users should call 1-800-617-0177. Or you may visit our website at [www.univhc.com](http://www.univhc.com).
